Eoin,

I've also received this now from another NGO. It appears to me that they qualify for this emergency payment, but may not have an underlying entitlement to another scheme.

I'm going to talk with Des when he's off a concall and get back to you then.

Mary

Mary,

Another on the same lines ?

The only criteria for the scheme at present is 18 and 66 and have lost your job. We are working in some rules reclaiming it and other schemes - but these have lost work ?

Eoin

Hi all,

I mentioned this query on Monday. It appears ourselves and SWA have differing positions. It has been sent back to us again this morning so I thought I'd forward on the thread.

Regards

Betty.

Sarah,

I understand that this will be processed centrally using batch jobs. Not sure that the payments will be made locally - RSU should be able to clarify this.

Mary,

Do they receive the covid-19 in addition to their daily expense allowance or do we deduct the weekly allowance?

Thanks

Sarah

Sarah,

I understand from our phonecall that this is a case where the customer was working and receiving the Working Family Payment and the employment has now ceased. They are a protection applicant in an accommodation centre and receiving the daily expenses allowance. If they have enough PRSI cons paid, then they may qualify for JB.

It appears that the conditions applying to the Covid-19 pandemic unemployment payment relate only to ceasing employment, therefore it appears that these customer would qualify.

RSU - I don't have details of the numbers of protection applicants who are working, however there are likely to be 2-3,000. The right to work was introduced in July 2018 (there was an interim more limited right from Feb 2018).

Regards,
Mary

Good Afternoon,

We have the following query:

Customer (asylum seeker) in direct provision getting daily rate was working now work has stopped due to Covid-19 are they entitled to the emergency payment or another payment?

Thanks

Sarah
